Very many, if not all of our old readers will be surprised in the announcement that Jno. M. Steele has determined to go to Puget Sound, or the country adjacent. He has such a flattering offer that he thinks it a simple duty to his family and himself to accept. Probably no citizen would be given up more regretfully. John M. Steele has been one of the great factors in the settlement of this yalley and the building.

Tuesday. He gives a glowing account of crops and matters in Harper county. He says the wheat harvest is entirely over, and there are but few fields in the entire county did a very wise and acceptable act. Probably the appointment of no business man in city could have given such universal the people of Harper and at her county seat are happy.

The head-quarters for the gas works has been one of this yalley and the building been established on Main street counties. given up more regretfully. John M. Steele has been one of the great factors in the settlement of this valley and the building of this city. No single individual has been so prominent or so effective. He was among the very first settlers here, a young man just out of the Normal school. He was the first justice of the peace, and as a been clearly building for the manufacture was the first justice of the peace, and as a been clear the county building for the manufacture of the state of the centire county, will be faithfully tooked after by him, for he is the kind of a man that always studies first to know what his beardless boy performed the first marriage ceremony ever pronounced in the county. He was the first legitimate Representative entirely satisfactory to the proprietors.

Line of March: From Fourth avenue ty. Always willing and never desponding, or through their immense stock of manuthose in trouble went to him as naturally factured goods. The additional upper and as straight as one lost to a friendly rooms are needed for their workmen.

people of Winfield offered any objections to the posting of Wichita's Fourth of July bills, saying among other lively things : "If the Eagle wants to fight, come down and we will fight, any way you say, from to this most actient order, is published in 'single leap' to 'catch as you can,' or 'side holds to one mile and repeat,' you great holds to one mile and repeat,' you great address takes the ground that the influence paid at the first mailing, and again fully prepaid, bill poster himself, who, as we stated, saw greater mission lies in the future. The Rock Island is now running through without transfering and making schedule with transfering and transfering and making schedule with transfering and transfering and making schedule with transfering and t

The fire works have been inspected and found to be varied, artistic and in good order.

Dr. Conroy, sister of Frank fiellenberg, is in the city visiting her brother and friends.

The greatest watchfulness should prevail to-day, and especially to-night, to prevent fires breaking out.

The fire works have been inspected and no idea that a majority or even a respectable minority interposed so foolish an objection, but that there were at least two people of the 4032 who did try to stop this in the city visiting her brother and friends.

The greatest watchfulness should prevail to-day, and especially to-night, to prevent fires breaking out.

The nest of house-breakers and sneak-thieves, who commenced their work some two or three months ago, are still with us. There is no doubt but that they belong here, and the police ought not to rest until they have been spotted. Attempts to enter two or three houses have been made with such robbers is to keep a dog in the house at night, no matter how small only so it makes a lively noise. Next to a dog is a convenient revolver. When a man is disconvenient revolver. The nest of house-breakers and sneak-thieves, who commenced their work some two or three months ago, are still with us. There is no doubt but that they belong there, and the police ought not to rest until they have been spotted. Attempts to enter two or three houses have been made with they have been spotted.
